I am working with Susan on this as it appears that it is a normal work day for my contractors. I think you need to be on-site as we will be in the middle of vac box transfers.

Gary, looks like I won't be able to cover your site on 10/13.

I'll redo my travel and OT request.

Is there any issues with me working my Pasadena Site and Gary's Site on 10/13?

PRP wants to schedule a meeting on Monday, and I don't want to commit, if we're not working on that holiday day.

Thanks

Adam
